Hollenbach Construction Inc.  
P.O. Box 507  
Boyertown, PA 19512

Dear Mr. Hollenbach,

Robert E. Little Inc and Little Properties would like to convey our satisfaction with our new state of the art Varco Pruden, John Deere Place building! We were very pleased with the versatility of the building and the ease of customizing it for all of our needs and requirements. The actual construction of the building was fast and provided excellent fit and finish with the brick and EIFS exterior making the building look very rich.

The Hollenbach team was instrumental in getting the building erected and completed on time and on budget over an extremely difficult winter with an unusually large amount of snow and extremely cold temperatures.

This experience with Hollenbach Construction and Varco Pruden buildings makes it very easy to recommend them to others considering a building and its construction.

Thanks again for your help with our project,

David Little  
General Manager  
Robert E. Little Inc.
