

TO WHOM IT MAY CONCERN

Referral Memo

We have done two major projects with Hollenbach construction. A 23,000 square foot building back in 2004 and 2005 and this most recent one a 14,000 square foot addition in 2007. In both cases, they did a very good job with minimal complications.

I would recommend their services highly in that not only were they fair and economical, but they are a company with integrity. What they say they will do and when they say they will do it.....they do. My other experiences in construction have not been as good, and it was a nice change to get a straight story so I could make other correlating decisions correctly that I needed to make.

If anyone has any questions, don't hesitate to contact me.
